EDUCATION

Bachelor of Science in Information Technology major in Web and Mobile Technologies
Pangasinan State University-Urdaneta City Campus
2021-2025

TECHNICAL SKILLS

- Knowledgeable in Python, with experience in Java, C# and C++
- Proficient in HTML, CSS, PHP and JavaScript
- Familiar with Laravel programming
- Working knowledge of Node.js
- Hands-on experience with Flutter for mobile development (Dart language)
- Experienced with MySQL and Firebase databases
- Experience with development tools such as Git, GitHub, and Visual Studio Code.

SOFT SKILLS

- Strong written and verbal communication
- Collaborative team player focused on achieving goals
- Adaptable to changing environments and priorities
- Effective problem-solver with creative thinking skills
- Capable of working independently with minimal supervision.

PROFILE

I'm passionate about technology and love working on software development, system integration, and front-end design. With hands-on experience in Python, C++, Flutter, HTML, and CSS, I enjoy creating solutions that are both practical and user-friendly. I'm a problem-solver who communicates well and thrives in collaborative environments. Now, I'm eager to find a role where I can keep learning, grow my skills, and contribute meaningfully.

PROJECTS

IslandNav: Boat Tracking System for Hundred Islands National Park, Akaminos City, Pangasinan

Capstone Project   2024

- A real-time tracking system that monitors boat movements during sailing to enhance safety and operational oversight.
- Sends real-time alerts when a boat encounters issues, helping ensure prompt response and passenger safety..

DENR-CENRO Baguio Records Management System

System Developer   2025

- Enables users to update files and provides real-time updates on the status of client requests.
- Saves all uploaded files to cloud storage to ensure better security and easy access.

CERTIFICATIONS

Cisco Networking Academy

- Networking Basics
- Networking Devices and Basic Configuration
- Network Support and Security Course
- Network Addressing and Basic Troubleshooting
- Network Technician Career Path

INTERNSHIP

DENR-CENRO Baguio City

CENRO-Planning and Support Team/Records Unit

- Developed a system for faster document retrieval and updating the status of client requests.
- Processes land status certifications and other client requests.
- Updates records in the database to ensure they are current and accurate.
